Rehabilitation

Get Back to Your Life with Rehabilitation Care.

When you need help to recover from a stroke or cardiac event, or have transitional needs following surgery, Iroquois is ready to help. We provide the physical, occupational and speech therapy you need to get on the road to recovery - and back home.

Most of our patients come to us as a result of:

- Joint replacement surgery
- Cardiopulmonary problems
- Neurological problems
- Orthopedic concerns
- General deconditioning (falls, balance problems, etc.)

Our advanced rehabilitation facility includes:

- Biodex unweighing system for gait and balance training
- Neuro gym for strengthening and functional activities
- Treatment modalities like electrical stimulation, ultrasound and diathermy to alleviate pain, increase strength and facilitate wound healing
- Car transfer simulator in preparation for discharge to home
- ADL suite that stimulates daily living activities in a home-like environment

Call us to learn more about our comprehensive rehabilitation program.
